

**UNITED STATES DISTRICT COURT
EASTERN DISTRICT OF NEW YORK**

LIVE FACE ON WEB, LLC,

Plaintiff,

vs.

5 BORO MOLD CONSULTING INC., and
AVIGAYEL KLEIN a/k/a ABIGAIL KLEIN,
and JOHN/JANE DOE DEFENDANTS 1-10,

Defendants.

Civil Action

No.: 1:16-cv-4394

JURY TRIAL DEMANDED

COMPLAINT

Plaintiff Live Face on Web, LLC, by and through its undersigned Counsel, hereby brings the following complaint (“Complaint”) against defendants 5 Boro Mold Consulting Inc., Avigayel Klein a/k/a Abigail Klein and John/Jane Doe Defendants 1-10 for copyright infringement, and in support thereof avers as follows:

I. THE PARTIES

1. Plaintiff, Live Face on Web, LLC (“Plaintiff” or “LFW”), is a Pennsylvania limited liability company with its principal place of business at 1300 Industrial Boulevard, Suite 212, Southampton, PA 18966.

2. Upon information and belief, Defendant 5 Boro Mold Consulting Inc. (“5BMC”) is a New York corporation with a principal place of business at 1342 42nd Street, Brooklyn, New York, 11219.

3. Upon information and belief, at all relevant times hereto, Defendant Avigayel Klein a/k/a Abigail Klein (“Klein”) was a resident of New York and an owner, director and/or officer of 5BMC. Upon information and belief, at all relevant times hereto, Klein owned, operated and controlled, in whole or in part, 5BMC and its business.

4. Upon information and belief, John/Jane Doe Defendants 1-10 (“Doe Defendants”) owned, operated, and or controlled the subject website(s) at issue here, and otherwise jointly and severally with Klein and/or 5 Boro Mold Consulting Inc. engaged in the conduct complained of herein.

5. Upon information and belief, at all relevant times hereto, each of 5BMC, Klein and the Doe Defendants was a co-registrant and co-owner of the subject websites at issue here.

6. Upon information and belief, at all relevant times hereto, each of Klein and/or the Doe Defendants had the right and ability, and exercised the right and ability, to supervise and control the infringing activity complained of in this action and had a direct financial interest in such activities. By way of example and not limitation, upon information and belief, each of Klein and/or the Doe Defendants: (i) procured and caused 5BMC to pay for the infringing software, (ii) directed that, and controlled how, the infringing software be placed on the subject websites at issue here, (iii) monitored, supervised and controlled the installation and operation of the infringing software on the subject websites at issue here, and (iv) received a direct and/or indirect personal financial benefit from the increased revenues and/or profits resulting from the infringement of LFOW’s rights on the subject websites at issue here.

II. JURISDICTION AND VENUE

7. This action arises under the U.S. Copyright Act (17 U.S.C. §501 et seq.), and thus this Court has federal question jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1338(a). As fully set forth herein, the Defendants have used, copied and distributed LFOW’s copyrighted software and/or infringing derivative works thereof.

8. This Court has personal jurisdiction over each of the Defendants because such Defendant has conducted business in, and has continuous and systematic contacts with, the State

of New York and this District and/or was, at all material times hereto, a resident or citizen of the State of New York, as more fully described herein.

9. By way of example and not limitation, this Court has personal jurisdiction over Klein because she was, at all material times hereto, a New York resident and has conducted business in and has continuous and systematic contacts with the State of New York and this District.

10. Venue is proper in this District pursuant to 28 U.S.C. §§ 1391(b), (c) and 1400(a) in that a substantial part of the events or omissions giving rise to the claims herein occurred in this District, and some or all of the Defendants are located in this District.

III. PLAINTIFF'S BUSINESS AND COPYRIGHTED TECHNOLOGY

11. LFOW is a developer and owner of “live person” software, which is an original work of authorship independently created by LFOW (“LFOW Software”).

12. The LFOW Software allows a company to display a video of a “walking” and “talking” personal host who introduces a website to an online visitor. The personal host is, in effect, a web spokesperson for the specific company for whom the video has been created. Typically, the web spokesperson explains a company’s products and/or services and directs a visitor’s attention to a particular product or aspect of the website. The LFOW Software is representative of LFOW’s advertising idea; LFOW and its customers advertise services and solicit business through the use of a website spokesperson, which is typically tailored to specific goods and services found on the associated website.

13. The LFOW Software enables a company to customize and dynamically modify settings and functionality of the web spokesperson. By way of example, a customer utilizing the LFOW Software can: (a) manipulate the positioning of the web spokesperson on its website and

select between static, relative or dynamic positioning features; (b) adjust the delay between the time an online visitor enters the website and the start time of the web spokesperson's presentation; (c) select the number of times a video presentation plays for each particular visitor; and (d) select "click on me" functionality that directs a user to a predetermined page or section of the website which promotes goods or services and/or reinforces the image and brand of the customer.

14. The LFOW Software seeks to enhance a web site by using a real spokesperson to capture, hold and prolong the attention of the average online visitor, enhancing the ability of the website to advertise specific goods and services. This technique has a direct positive impact on sales and/or the brand, public image and reputation of any company that has an online presence.

15. Generally speaking, the LFOW Software can be implemented by LFOW's customers by modifying the HTML code of the LFOW customer's website. An HTML script tag is embedded in the HTML code of the LFOW customer's website, which links the LFOW customer's website to a copy of the LFOW Software. An LFOW customer has the option of storing the copy of the LFOW Software on the same webserver(s) as the customer's website, or storing the copy of the LFOW Software on a different webserver(s) than the website. Many of LFOW's customers choose to have the copy of the LFOW Software stored on LFOW's webserver(s).

16. Regardless of the particular webserver(s) where the LFOW Software is stored, the functionality and result is the same. When a web browser is directed to a website linked to the LFOW Software, the embedded HTML script tag is read by the web browser and causes the automatic distribution of a copy of the LFOW Software. The LFOW Software is automatically saved by the web browser into cache, and/or a hard drive(s), and loaded into computer memory

and/or RAM (random access memory). As a result of the distribution of the LFOW Software, the specific web spokesperson video is automatically launched and displayed to advertise on the associated website.

17. The LFOW Software is licensed to customers for a license fee by LFOW, which also receives fees for other services.

18. The LFOW Software is also subject to the terms and conditions of LFOW's End User License Agreement ("EULA"). Since at least October 2007, LFOW has included the web address where the EULA can be found, thus anyone who accessed any version of the LFOW Software since that time had notice of the EULA.

19. LFOW has registered the LFOW Software. Pertinent to this action, on December 20, 2007, LFOW duly registered the copyright in the LFOW Software version 7.0.0, prior to the publication of version 7.0.0, in the United States Copyright Office, as evidenced by the certificate of registration for TXu001610441, which was issued by the Register of Copyrights. A true and accurate copy of the certificate of registration is attached hereto as **Exhibit A**, and a true and accurate copy of the deposit work for TXu001610441 is attached hereto as **Exhibit A1**.

IV. COPYRIGHT INFRINGEMENT BY DEFENDANTS

20. Upon information and belief, the Defendants own, operate and/or control (or did so at all relevant times hereto) the website www.fiveboromoldspecialist.com and others (collectively, "Defendants' Websites"). A copy of the HTML source code for www.fiveboromoldspecialist.com is attached hereto as **Exhibit B**.

21. Defendants' websites advertised and promoted the products and/or services of the Defendants.

22. Upon information and belief, the Defendants used a web spokesperson video to promote the Defendants' products and/or services on the Defendants' Websites.

23. Upon information and belief, in order to display the web spokesperson video on such websites, the Defendants used, copied and distributed, without permission, the LFOW Software and/or an infringing version of such software and source code in violation of LFOW's rights on one or more of the Defendants' Websites.

24. Upon information and belief, the Defendants had the right and ability to modify the Defendants' Websites, or to have such websites modified on their behalf.

25. Upon information and belief, to implement and distribute the infringing version of the LFOW Software, the Defendants' website www.fiveboromoldspecialist.com was modified by the Defendants, or on behalf of Defendants and at their behest, to include the following website source code and/or text, shown in **Exhibit B**:

http://tweople.com/client/main_vsp.js

26. The modification referenced in the preceding paragraph links such website to the file "main_vsp.js", an infringing version of the LFOW Software, which was stored for the Defendants on the webserver(s) of www.tweople.com. A copy of "main_vsp.js" is found at **Exhibit C**.

27. As a result of such or other modifications to the Defendants' Websites, when a web browser retrieves a page from such websites, a copy of the infringing version of the LFOW Software is distributed by the Defendants to the website visitor and stored on the visitor's computer in cache, memory and/or its hard drive. Accordingly, each visit to such websites is a new act of copyright infringement.

28. The infringing version of the LFOW Software, shown at **Exhibit C**, is substantially similar to the LFOW Software, and includes one or more instances of “LFOW”, which is a reference to LFOW. The infringing version of the LFOW Software also includes references to the unique prefix “lf_,” which was arbitrarily chosen by LFOW to mark its code and indicate LFOW’s unique and original code. There is no functional value to the use of the letters “LFOW” or “lf_” in the LFOW Software. Instead, both were chosen as references to identify LFOW and its code.

29. The web spokesperson video that launched on the Defendants’ Websites was a result of Defendants’ distribution of the infringing versions of the LFOW Software, which advertised and promoted the products and/or services of the Defendants, encouraging the website viewer to purchase and/or use Defendants’ products and/or services, thereby providing a monetary benefit to the Defendants. Thus, Defendants’ copyright infringement of the LFOW Software is in their advertising, and the infringement is for the purpose of advertising their products and/or services.

30. Defendants intended for a copy of the infringing version of the LFOW Software to be distributed to website visitors in their advertising, as this is necessary for the video spokesperson to appear on the screen of the website visitor. The volitional distribution of the infringing version of the LFOW Software by the Defendants to their website visitors is seamless and transparent for the website visitors, who are able to view the video spokesperson advertising the Defendants’ products and/or services by virtue of receiving the copy of the infringing version of the LFOW Software.

31. Defendants profited directly from, and have a direct financial interest in, the infringement because the use of the infringing version of the LFOW Software allows Defendants

to more effectively promote and sell their products and/or services by capturing, holding and prolonging the attention of the average online visitor, providing a direct positive impact on sales and/or the brand, public image and reputation of Defendants.

32. The infringing version of the LFOW Software is a sales and advertising tool for the Defendants to generate revenues and profits and, upon information and belief, the use and misuse of the infringing version of the LFOW Software by the Defendants did in fact generate revenues and profits for the Defendants, as more fully described below.

33. Defendants unlawfully and continuously used the infringing version of the LFOW Software, without LFOW's authorization, on the Defendants' Websites and/or other websites, for which Defendants did not pay applicable license, video production and other fees to LFOW.

34. The unlawful use, copying and/or distribution of the infringing version of the LFOW Software on the Defendants' Websites and/or other websites constitutes infringement of LFOW's intellectual property rights, including, without limitation, LFOW's registered copyrighted material(s).

35. Upon information and belief, the Defendants actively induced end users to visit websites owned, controlled and/or used by the Defendants, and thereafter copied and distributed the infringing version of the LFOW Software to end users (e.g. website visitors) numerous times. The actual number can only be ascertained through discovery.

36. Defendants have caused, enabled, facilitated, and/or materially contributed to the infringement by, *inter alia*, misusing, copying and/or distributing the infringing and/or accused software to each visitor via website(s) they owned, operated, controlled and/or used, and refused to exercise their ability to stop the infringement made possible by their ownership, operation, control and/or use of such website(s).

37. As a result of the foregoing conduct of the Defendants, LFOW has suffered significant harm and loss.

38. As the owner of the registered copyright in the LFOW Software, LFOW has an interest in protecting its rights against such copyright infringement.

39. Under the authority of 17 U.S.C. § 504, LFOW is entitled to elect whether to recover statutory damages against the Defendants for each act of copyright infringement.

40. Where the Defendants initiated or continued the infringing conduct while aware of the infringement, these actions were the result of reckless disregard for, or willful blindness to LFOW's rights, and therefore constitute volitional conduct and willful infringement.

COUNT ONE
COPYRIGHT INFRINGEMENT
(LFOW vs. All Defendants)

41. LFOW incorporates by reference the averments contained in the preceding paragraphs above, as if set forth fully herein.

42. Count One is a claim under 17 U.S.C. § 501 for direct, indirect and/or vicarious infringement of registered copyright(s) as against the Defendants.

43. LFOW is the owner of valid copyright registration TXu001610441.

44. LFOW has complied in all respects with the provisions of the Copyright Act, 17 U.S.C. §§ 101 et seq., and all other laws governing copyright to secure the exclusive rights and privileges in and to the copyrights of the items identified herein.

45. The infringing version of the LFOW Software used and distributed by the Defendants is at least substantially similar to the LFOW Software protected by TXu001610441.

46. Upon information and belief, at all relevant times hereto, Defendant registered, owned, and controlled the Defendants' Websites.

47. Defendants, through their agent(s), vendor(s), officer(s), and/or employee(s), modified the Defendants' Websites and/or the other websites at issue in this action to cause the use, copying and distribution of the infringing version of the LFW Software.

48. The past and ongoing copying, use and distribution of the infringing version of the LFW Software by Defendants resulted in actual damage to LFW, including but not limited to the loss of licensing and other revenue and profits as a result of Defendants' infringement.

49. Defendants intentionally induced and/or encouraged direct infringement of the LFW Software by using, copying and distributing the infringing version of the LFW Software via their website(s) and/or seeking out the LFW Software in order to use it on their website(s).

50. Defendants profited from and have a direct financial interest in the infringement, because the use of the infringing version of the LFW Software allows Defendants to more effectively promote and sell their product(s) and/or service(s) on the Defendants' Websites by capturing, holding, and prolonging the attention of the average online visitor, providing a direct positive impact on sales and/or brand, public image and reputation of Defendants.

51. Because Defendants own, operate and/or control (or did so at all relevant times hereto) the subject websites at issue in this action, Defendants also had the right and ability to supervise and control the infringement and infringer by virtue of their ownership, operation and control of such websites, but failed to do so.

52. Where Defendants initiated or continued the infringing conduct with knowledge of the infringement, these actions were the result of reckless disregard for, or willful blindness to LFW's rights, and therefore constitute willful infringement.

53. Unless Defendants are restrained and enjoined from their unauthorized use, copying and distribution of the LFOW Software, these injuries will continue to occur.

54. Irreparable harm and injury to LFOW are imminent as a result of Defendants' conduct and LFOW is without an adequate remedy at law.

55. Pursuant to 17 U.S.C. § 502(a), LFOW is entitled to an injunction restraining Defendants, their employees and agents, and all other persons acting in concert with Defendants, from engaging in any further improper acts.

56. Pursuant to 17 U.S.C. §§ 503(a) and 503(b), LFOW is entitled to an order impounding the infringing articles and the means by which such infringing articles were produced and/or reproduced.

57. Pursuant to 17 U.S.C. § 504, LFOW is also entitled to recover actual damages and any profits of Defendants, or, alternatively, to recover statutory damages of up to \$150,000 for each work infringed.

58. Pursuant to 17 U.S.C. § 505, LFOW is entitled to an award of attorneys' fees and costs.

WHEREFORE, LFOW asks this Court to enter preliminary and final orders and judgments as necessary to provide LFOW the following requested relief:

a) Finding Defendants jointly and severally liable for copyright infringement by virtue of their past and ongoing unauthorized use of LFOW's Software;

b) Finding Defendants' copyright infringement to be voluntary and an intentional violation of Defendants' known duties, and therefore willful;

c) Finding LFOW to have suffered, and to continue suffering harm that is irreparable and otherwise without an adequate remedy at law;

d) A permanent injunction under 17 U.S.C. §§502 and 503, enjoining Defendants from further infringement, including but not limited to the cessation of operation of Defendants' website(s);

e) An award of damages against Defendants under §504;

f) An award under 17 U.S.C. § 505 allowing recovery of the full costs of this action, including LFOW's reasonable attorneys' fees and costs; and

g) Such and other relief as the Court deems appropriate.

JURY DEMAND

59. LFOW demands a jury trial on all issues so triable.

Respectfully Submitted,

548 <h2 class="style6 style4"><strong>NYC Mold Removal & Mold
Remediation Services- NYC, Manhattan,Brooklyn,Queens,Bronx,Staten Island,Long
Island</strong></h2>
549 <p class="wording"><strong>Five Boro Mold Specialist is now
offering special mold nspection, mold testing, and mold removal services by request for a
24 hour mold reversal as well as 24 hour lab results. We have a team of specially trained;
highly certified technicians who can complete mold remediation services within hours
proceeding our standard mold inspection. We also have a lab ready to test samples and
deliver results within 24 hours proceeding</strong> <strong>our initial inspection. These
services are by request only.</strong></p>
```

inspections performed by Five Boro Mold Specialist:

- We send two certified technicians to the property to perform a complete diagnostic along with a visual assessment of the property.
- The technicians then take swab samples to verify the presence of mold/mildew growth on the actual surface itself (such as sheetrock walls) and air samples from both inside and outside the property to do a baseline comparison to verify if mold conditions exist in elevated levels throughout the property.
- In addition to the sampling, the technicians then use infrared cameras to evaluate the source of moisture intrusions and/or condensation behind the walls and/or ceilings to determine the source of mold growth. (In order to properly remove mold, it is necessary to correct any source of moisture intrusions).
- The technicians then use particle counters throughout the property to determine the amount of negative particles that are in elevated levels in comparison to the outside.

Within 2-3 business days, Five Boro Mold Specialist will receive the lab results and submit them to the client along with a full mold report from our company detailing the findings of the technicians and verifying:

- If mold exists throughout the property
- How severe the growth is
- The quantities in which the mold is present
- The types of mold found (both toxic and non-toxic)
- The process necessary to remove the mold
- How to prevent it from re-occurring
- Specific recommendations to inhibit future moisture intrusions and control levels of humidity, if applicable.

The mold report will also include both infrared and regular images along with their descriptions portraying all sources of water damage and/or mold growth.

593 <h3>Mold Inspections Manhattan, Brooklyn mold inspections
594 ,Bronx mold inspections, Queens mold inspection,Long Island mold inspection </h3>
595 <p>The cost for the inspection is \$550 and that includes air
596 testing, swab sampling, infrared technology as well as moisture readings and particle
counters and a detailed report clarifying the type of mold present, if it is toxic or non-
toxic, how severe the growth is, the rate at which it is spreading and the health symptoms
relating to the form of mold found. If the mold growth has possibly escalated to another
floor in the property, additional tests are required at a charge of \$100/test. </p>
